Art Therapy Audio Image Recording Release Form

Dear.....,

You have received an explanatory leaflet and taken part in recording a discussion using the art work you have produced.

As the voice of an expert by experience, we would like to use this recording and a photograph of your image, to help raise positive awareness around mental health and the arts. This would involve us widely publicising your recording/image on websites, DVDs, at conferences and in written form, in order to help the public understand the issues more fully.

You do not have to consent to this; it is not a problem if you do not want to. If you are willing to be published in this way please fill in the following:

- 1) You may wish to either to have your name identified or to be anonymous. Please indicate which you choose here:

I DO wish my name to be present	I DO NOT wish to be identified
--	---------------------------------------

- 2) I (*please print name*)..... give my consent for my artwork to be photographed and my recorded discussions in the group to be published.
